Article type. Research Article, *Thin Solid Films* (Elsevier).

Keywords. lead-free perovskite; RbGeI3 thin film; back surface field; SCAPS-1D; defect engineering; SHAP sensitivity analysis.

Figures and tables. Main manuscript: 10 figures, 3 tables. Supplementary material: 12 figures, 4 tables. Graphical abstract: 1 file (2850×1260 px, 300 dpi).

Highlights. 5 bullets, each ≤85 characters (see `highlights.txt`).

Funding. No funding was received for this work.

Declaration of interest. The authors declare that they have no known competing financial interests or personal relationships that could have appeared to influence the work reported in this paper.
